

Federal Service for Surveillance on Consumer
Rights Protection and Human Wellbeing (Rosпотребнадзор)

FBSI “Federal Scientific Center for Medical and
Preventive Health Risk Management Technologies”

XIII ALL-RUSSIAN SCIENTIFIC AND PRACTICAL
ONLINE CONFERENCE WITH INTERNATIONAL PARTICIPATION

HEALTH RISK ANALYSIS – 2023

and RISE-2023 meeting on environmental health

Dedicated to the Decade of Science and Technology in Russia

Dates: **May 17–19, 2023**

XIII All-Russian Scientific and Practical Online Conference with
international participation “**Health Risk Analysis – 2023**” is going
to be held in Perm on 17–19 May 2023.

The Conference starts at 10.00 on May 17 in the format of an
Internet forum on the website fcrisk.ru/forums/ and will last until
May 19, 2023.

HOSTS OF THE CONFERENCE:

Federal Service for Surveillance over Consumer Rights Protection and Human
Wellbeing

Federal Scientific Center for Medical and Preventive Health Risk Management
Technologies

Perm Regional Office of the Federal Service for Surveillance over Consumer Rights
Protection and Human Wellbeing

Medical Science Division of Russian Academy of Sciences

Academician E.A. Vagner's Perm State Medical University

WITH THE PARTICIPATION OF:

RISE, a specialized group on the environment and health

SCIENTIFIC SCOPE:

- Contemporary strategic and regional challenges and tasks in health risk analysis.
- Technologies, methods and criteria in analyzing and forecasting a sanitary-epidemiological situation: general and regional aspects.
- Key digitalization technologies, intellectual and analytical systems applied to facilitate provision of sanitary-epidemiological welfare of the country population.
- Fundamental research on cellular, sub-cellular and genetic diagnostics of negative influence on human health caused by negative environmental exposures.
- Up-to-date techniques for diagnostics, correction and prevention of health disorders associated with risk-generating factors of the environment, work, education, lifestyle, and socioeconomic conditions.
- Systemic analysis of modifying influence exerted by various factors on the dynamics of an infection epidemiological process.
- Best available practices in health risk assessment within the National Projects "Ecology", "Demography", "Housing and urban environment".
- The Federal project "Elimination of hazardous objects": assessment of effects produced by objects with accumulated environmental damage on public health and life expectancy.
- Actual and economic health losses caused by environmental exposures, work, lifestyle and diets. Prediction of life expectancy at birth.
- Assessing and compensating for harm to health caused by violations of the mandatory requirements established by the sanitary legislation
- Consumer rights protection. Legal aspects and standardization.
- A contest of works accomplished by young scientists.

THE PROGRAM OF THE CONFERENCE INCLUDES:

- holding plenary and breakout sessions, round tables, panel discussions
- poster presentations
- holding a contest "the best work by a young scientist"

The place of the online conference: fcrisk.ru/forums/

CONFERENCE FORMAT:

The following sessions will be organized on the internet conference website:

- Session of plenary presentation reports, where video-reports by key speakers (*.mp4/*.avi) and reports in presentation format (*.ppt, *.pptx or *.pdf) will be presented in accordance with the discussion areas;
- Session of electronic poster reports on the conference website (*.pdf);
- Session dedicated to the "Contest of works by young scientists", video-reports (*.mp4/*.avi) or presentations (*.ppt, *.pptx or .pdf);

CONFERENCE FORMAT:

Discussion of video and presentation reports will take place in the form of a question-and-answer forum on the conference website.

The rules and program of the conference will be posted on the website of the Internet conference: fcrisk.ru/forums/

The collection of scientific papers of the conference, abstracts of the conference reports translated into English (Proceedings) will be posted on the conference and also indexed in the RSCI database of the scientific electronic library E-LIBRARY with ISBN and UDC assigned for them.

As a result of the conference, the best articles will be recommended for publication in a special issue of the Health Risk Analysis Journal included in the list of the Higher Attestation Commission and in the Scopus international database.

IMPORTANT DATES:

Submission: April 17, 2023

Notification: April 30, 2023

Registration: April 30, 2023

Event Dates: May 17-19, 2023

CONTACTS:

+7 (342) 237-25-34,
forum@fcrisk.ru
